

JOB DISCLAIMER AND NOTIFICATION

It has come to our attention that certain dishonest individuals and placement agencies are falsely representing themselves as employees of the GROW Project. They are misleading job seekers with fake employment offers under the guise of our Project Profile (including logos and name), and are soliciting money for fees, charges, and travel expenses from unsuspecting individuals.

We want to make it categorically clear to the public that we have not authorized any individual or agency to conduct recruitment for GROW Project staff. Any job opportunities will be advertised through appropriate channels, and we will guide on how to apply without any associated charges. Currently, no job openings are available, but we appreciate your interest in working with us.
